

I would like to take this opportunity to introduce myself and Active Orthopaedics Adelaide.

My special interests are in Knee, Hip and Shoulder sports injuries and joint replacements.

I live and work in the Western suburbs and was very pleased to accept the offer to sponsor the West Adelaide Bearcats Basketball Club and wish the players well.

I have established a private practice at Western Hospital, Henley Beach with additional consulting at Melbourne Street, North Adelaide and Harbour Medical Services, North Haven. I also offer after hours and Saturday consulting times.

I would be pleased to assess and manage any players/members of the West Adelaide Bearcats Basketball Club should they have any orthopaedic or sports injuries.

Please do not hesitate to contact myself or my Practice Manager / Personal Assistant, Tracey Goldsmith, at any time if you require any further information or appointments. Phone 1300 727 175.

In the event that a listed player/member shall be referred to me for specialist medical treatment/advice, we will provide specialist treatment or advice at Medicare bulk-billing rates.

I look forward to working closely with your Head Trainer to ensure your players/members receive the best possible treatment.

Kind Regards

Mr Nick Pourgiezis  
**Orthopaedic Surgeon**
